

What is this intergenerational program about?

New Horizons has provided Harmony Hall with a grant for intergenerational programs. Starting **February** we will be partnering with **George Webster Elementary School**, (*across the street from HH*). Not only will we continue with reading buddies but we will also be offering Bengali singing lessons, jewellery making, Tai Chi, Classical Indian Dance, trip to Famous People Players, bowling, gardening, mural painting and more. The majority of this program is **FREE** of charge to HH members and students. We will be looking for HH members to be a part of the programs as either a participant or an instructor (we will teach members to instruct). Please see below for the programs that we are currently recruiting members for. *Note: The first session will be 10 weeks and the second session will be 8 weeks.*
